AN OVERVIEW OF OUR SCHOLARSHIP PROGRAM

# Scholarships

Our scholarship program ensures that high achievers in academic, sporting and cultural areas are not turned away because of their financial circumstances.

## ABOUT

We offer a range of scholarships for new and continuing students.

Applications for the majority of our scholarships are based on financial need. All applications are reviewed thoroughly and are offered to the most deserving students.

Wesley College Old Collegians understand the benefits of a Wesley College experience, therefore generously donate to the program to ensure others can also benefit.

## TYPES OF SCHOLARSHIPS

Our scholarships vary in support and requirements.

Some scholarships cover the value of half, full or certain monetary value of College fees - all scholarship amounts awarded will be taken as a discount against College fees.
